Youth Works Internship Program!

Return this Employer interest form if your place of business would like to participate!!

The Youth Works program is offering PAID subsidized work placements, designed to provide eligible teens and young adults, 14-25 years of age with their first employment experiences, work readiness training, and the skills to find and maintain an unsubsidized job.

Youth Works aims to reduce juvenile delinquency and youth and young adult homelessness through employment, education, and career readiness skills. Youth Works is a state-funded youth employment program that helps teens and young adults gain the skills and experience needed to find and keep jobs and begin to design a path toward sustained success. The program is extremely structured, consistent, and all participants receive support from Youth Employment Specialists!

Weekly hours are reported to staff at MassHire Berkshire Career Center, and youth are PAID through BTE Inc, in partnership with Commonwealth Corporation. Cycle 1 starts in June, and Cycle 2 starts in September!

There is no cost to the worksite, the only responsibility is providing our young people with support, guidance and additional skills to enter the workforce! If interested in becoming a “**host employer**” and providing youth with a valuable work experience and mentoring opportunity, please complete the information below, and we will reach out to you with additional program details, and an Orientation date! Thank you kindly for your support!
